Report of Trustees of Library.

The patronage which the library has received during the past year shows that its great benefit to the community is fully appreciated, and clearly indicates the wisdom of giving it a liberal support.

Eighteen hundred and fifty-three books have been taken out during the year, and seventy-eight new volumes have been added, so that with those taken from the town vault, there are now about five hundred in the library. New catalogues have been secured and additional shelf room has been provided, making room for several years.

We recommend that there be no reduction in the annual appropriation for books.

W. J. MACE, } Library
C. M. COLLINS, } Trustees.

WILLIAM J. MACE, Treasurer.

Report of Board of Education.

TO THE INHABITANTS OF THE TOWN OF DANVILLE:

At the last session of the General Court the school law was so amended as to require the Board of Education to file with the Selectmen their report of school on or before the first day of August. In accordance with this law, we render our annual report for the Summer term of schools:

NORTH SCHOOL.

This school was taught by Miss Florice A. Merrill, of Kingston, N. H. Miss Merrill is well qualified for the work of the school room, possessing a good education procured at the well-known institution of learning located at Kingston, N. H., and her teachers speak highly of her as a scholar. Possessing a genial disposition she immediately became a favorite with her pupils. She maintained good order, and held the interest and attention of her scholars from the opening until the close of the school. We are sorry to report that on account of sickness the regular attendance of the school was broken up.

CENTRE SCHOOL.

For many years Miss Henrietta M. Peaslee, of Danville, N. H., has taught this school, always giving the District a most excellent school. As a disciplinarian she ranks among the first, and her work is done in a most thorough manner. Her one

aim is to impart useful information unto her pupils. Your committee consider that they have been fortunate in securing such an able, faithful and experienced teacher for so small a school. We are pleased to report that the school has increased in numbers, having at the present time the largest number for years.

PRIMARY SCHOOL.

This school, which is the largest and in some respects the most difficult to govern, was taught by Miss Debbie M. McKellar, of Malden, Mass. She came to us an entire stranger but with the best of recommendations and with an experience of years as a teacher. She was a lady of good moral character, and as far as book knowledge extended well qualified for her work, but as a disciplinarian and instructor her methods were not adapted to the welfare and success of the school. On account of impaired health she was unable to perform all of the work of the school, consequently the progress of the school was not so marked as in former years.

INTERMEDIATE SCHOOL.

This school, which is the most advanced in town, was taught by Miss M. Mildred Patten, of Greene, Me. She came to her work well qualified to make it a success, having graduated with honors from one of the best institutions of learning in the State of Maine, and also highly recommended by the Board of Education where she had previously taught. She was a faithful and conscientious instructor, intensely interested in her work, and endeavored to make it clear and comprehensive. Her school was a most orderly one and the interest and attention of her pupils were apparent to all visitors. Your committee are well satisfied with the progress of this school.

REMARKS.

At the present time we labor under the disadvantage of being obliged to secure nearly all of our teachers from out of town, were they known personally to us we could hire intelligently, but when we are obliged to depend wholly upon recommendations, we frequently secure the services of those whose knowledge of text books is sufficient, but who lack in a marked degree, the ability to manage or govern a school. In endeavoring to retain teachers of long experience and established reputation, we come in competition with towns whose school funds exceed our own, and as might be expected, we rarely succeed in such an attempt. It is recommended that the town increase its appropriation to such an amount as will enable the board to offer better inducement in the way of higher salaries and longer terms of school. Should the town consider this matter favorably it would serve to place us in a position where we could command the services of skilled instructors, and result in bringing our schools up to a standard of excellence very much to be desired. Parents and citizens, you can do much to improve our schools by becoming more interested in them. An influence over your children in favor of their doing well at school, and being constant and regular in attendance, will have a most favorable effect, while the reverse would have a bad effect and tend to the discouragement of the teacher and discredit to the scholars and school.

We would recommend that the parents visit our school's more frequently and encourage the teachers and pupils by their presence and any suggestion made by them for the advantage of the school would be gratefully received. For the first time in the history of our school management a truant officer was appointed by the Board of Education near the beginning of the

ROLL OF PERFECT ATTENDANCE.

Names of pupils not absent or tardy during the first term.

CENTRE SCHOOL.

Cora F. Buzzell, Eva E. Leclare, Alice A. Quimby, Lottie Quimby, Edgar A. Buzzell, Elmer A. Kimball, Chester A. Kimball, Charlie N. Kimball.

PRIMARY SCHOOL.

Loyd Witherell, Maud Seaver, Mabel Seaver, Iva Bagley, Maurice Carrier.

INTERMEDIATE SCHOOL.

Harold Bagley, Forrest Cheney, Fred George, Howard Heath, May Sargent, Myra Silloway, Mabel Safford.
